ABOUT US

Oum Polyplast Industries has grown to make a mark as one of the leading manufacturing units for plastic products. We at Oum Polyplast Industries, serve over 50+ national as well as multinational companies PAN India.

Oum Polyplast Industries has a hands-on experience of catering to different mould and component requisites of clients from all over the country with different needs and specifications. At Oum Polyplast Industries we believe in constantly upgrading our technological expertise and infrastructure in addition to streamlining the process involved. This has helped us to keep up with the market pace and current trends. The consistency in our service and on-time delivering system has assisted us in building a long as well as a strong relationship with our customers which in turn has engraved our name as one of the best in the plastic industry countrywide.

Injection moulding is a Shape-forming process in which molten metal or plastic is injected into aluminum, ceramic, or steel molds (shaped like the end product) and squeezed under high pressure. Injection molding is employed mainly in the production of solid objects. There are many types of manufacturing methods categorized under injection molding, such as thermoplastic injection molding, over molding, insert molding, cold runner molding and hot runner molding. Thermoplastic injection molding uses thermoplastic polymer, meaning it changes to a liquid state when heated.

Below are the most common thermoplastics used in injection molding

Acrylonitrile Butadiene Styrene, Acrylonitrile Butadiene Styrene (ABS), Amorphous Polymer Polyethylene, Polycarbonate, Polyamide (Nylon), High Impact Polystyrene, Polypropylene

OUR EXPERTISE

At Oum Polyplast, not only do we manufacture plastic products but we cater to your needs of product conceptualisation, product designing as well as prototyping. In other words, we design moulds as per client's specification to suit their needs to the fullest. In addition to the aforementioned we provide solutions for every HDPE packaging need.

OUR VISION

To be pioneers in packaging solution through innovation, genius and business relationships those are long-lasting.

OUR MISSION

To achieve our vision by satisfying customers needs with innovative and tailored packaging products. To be the best in industry and work ahead with passion, innovation, integrity and smart diligence.

OUR EXCELLENCE

A persistent attitude to motivate constant and continued growth in all of our customer delight.

OUR PRODUCTS

SPICES

SPICES -1

Cap Type	:	Screw Cap
Capacity	:	10 gm to 100 gms
Material	:	HDPE
Bottle Color	:	White
Usage/Application	:	Used To Keep Spices Like Hing, Turmeric Powder, etc.
Food Grade	:	Yes

SPICES -2

Capacity	:	25 gm to 100 gm
Usage/Application	:	Used To Store Spices
Color	:	White
Shape	:	Round
Cap Type	:	Screw Cap
Cap Color	:	Red
Material	:	HDPE

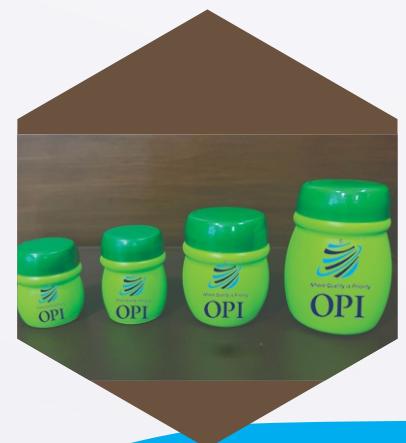

SPICES -3

Capacity	:	25 gm to 100 gm
Usage/Application	:	Used To Store Spices
Color	:	white
Shape	:	Round
Cap Type	:	Screw Cap
Cap Color	:	Red
Material	:	HDPE

SPICES -4

Capacity	:	10 gm & 100gm
Material	:	HDPE
Usage/Application	:	Used To Store Spices
Color	:	Green, Yellow
Shape	:	Round
Cap Type	:	Screw Cap

OUR PRODUCTS

AGRO

AGRO - 1

Cap Type	:	Screw Cap
Use For Storage	:	Chemical
Capacity	:	Available In 200,500,1000ml
Material	:	HDPE

AGRO - 2

Capacity	:	25 ml to 1 L
Cap Type	:	Screw Cap
Color	:	White
Shape	:	Round
Use For Storage	:	Chemical
Cap Color	:	Green
Material	:	HDPE

AGRO -3

Capacity	:	Available in 100ml,250,500,1000ml
Material	:	HDPE
Cap Type	:	Screw Cap
Color	:	Any
Use For Storage	:	Chemical
Shape	:	Round

OUR PRODUCTS

PHARMA

PHARMA - 1

Material	:	HDPE
color	:	White
Capacity	:	Available In 25, 50,100 ml
Usage/Applications	:	Pharmaceuticals
Cap Type	:	Screw Cap

PHARMA - 2

Capacity	:	10 gm & 100gm
Material	:	HDPE
Usage/Applications	:	Pharmaceuticals
Color	:	Green, Yellow
Shape	:	Round
Cap Type	:	Screw Cap
